11:00 am State Chemist and IPLLA Update

A representative of the Office of the Indiana State Chemist will be joining us for a regulatory update. NPDES will be reviewed as well as information on applicator licensing and insurance requirements. Bob Andrews of IPLLA will also be on hand to review pertinent lessons to be learned by the entire green industry due to tree damage resulting from the use of Imprelis herbicide this past summer and the long range impact of it to new product development.

12:00 pm to 1:15 pm Break

1:15 pm Safety, Security, and the Handling of Pesticides — Part II: How to Stay Out of the Hospital and On the Job

Dr. Tim Gibb • Extension Entomology Specialist
Purdue University

- Know the Chemical
- Understanding the Product
- Learning about Chemical Properties and Formulations
- Knowing the Toxicity and Hazards of Pesticides
- Signs and Symptoms of Pesticide Poisoning
- Proper First Aid
- What Pests are Dangerous?
- Stinging Insects and Acute Reactions to Them
- Disease Transmitting Pests
- Handling Vertebrates
- Dealing with Anthropods

4:00 pm Regional Workshop Closes

2012 PRESENTERS

DR. TIM GIBB

Dr. Timothy J. Gibb is an entomologist employed for the past 23 years at Purdue University as insect diagnostician and extension entomology specialist. He received his Masters degree at BYU in Provo Utah, and his Ph.D. at Kansas State University in Manhattan, Kansas.

His research specialty is *"Integrated Pest Management in Urban Environments"* where he has published many abstracts, papers, chapters and most recently a book entitled *Arthropod Collection and Identification—Field and Laboratory Techniques*. Dr. Gibb's extension focus is the implementation of effective insect management programs in urban landscapes.

DR. FRED WHITFORD

Fred Whitford is the coordinator of Purdue Pesticide Programs of the Purdue Cooperative Extension Service. He received a B.S. in Wildlife Management from Louisiana Tech University, and a M.S. and Ph.D. in Entomology from Iowa State University. He has authored more

than 250 research, extension, and regulatory publications, and has delivered over 3800 presentations to a wide array of audiences. He has written four books: *The Queen of American Agriculture: A Biography of Virginia Claypool Meredith*, published in 2008 by Purdue University Press; *The Grand Old Man of Purdue University and Indiana Agriculture: A Biography of William Carroll Latta*, published in 2005 by Purdue University Press; *The Complete Book on Pesticide Management: Science, Regulation, Stewardship and Communication*, published in 2002 by Wiley & Sons; *The Complete Federal and State Compliance Guide for Hoosier Businesses*, published in 2001 by Purdue University Press. Dr. Whitford's prior professional activities include lab and field research, extension outreach, regulatory work and commercial pesticide application.

2012 IPLA Regional Workshops

Core Training and Testing at Plainfield on February 14th

Once again, Purdue Pesticide Programs will offer Core Training and Testing. This is only at the Plainfield Regional Workshop.

For registration information, please contact Purdue Pesticide Programs at 765-494-6794.

INDIANA IRRIGATION CONTRACTORS COUNCIL

Plainfield Workshop February 14, 2012

- 8:30 am:** Indiana Irrigation Council Update
- 10:00 am:** State Regulatory Affairs Across the Nation
Chad Forcey • The Irrigation Association
Chad will join us again to share some of the information he has gathered the past year working with state government. In his role of working with groups such as the IICC, and various state governments, he and the IA are working to protect the future of the irrigation industry.
- 11:00 am:** Future Changes to Look for in the Irrigation Industry
This portion of the program will be devoted to sharing the ideas the Irrigation Council has been working on and then to get feedback from contractors working in the field. Please plan on joining us for this roundtable discussion and get involved with the future of our group.
- 12:00 pm:** Break and Lunch
- 1:00 pm:** Understanding 2 Wire and Decoder Irrigation
This portion of our meeting will focus on a discussion of the basics behind two wire decoder irrigation systems regardless of brand name and what they offer the contractor and the customer. We will be talking about troubleshooting and servicing decoder systems.
